

EXOcare TE20 PILLS MB

CHEMICAL NAME	Mixture
INCI NAME	Cetareth-20, Cetearyl Alcohol
CAS NUMBER	-
FUNCTION	Emulsifier, stabilizer, thickener
TECHNICAL REQUIREMENTS	Appearance at (20±25)°C.....white to cream solid wax in a form of pills Water, %(m/m) max 1 Hydroxyl value, mg KOH/g 166 ÷ 178
GENERAL DATA	Melting point, °C..... 47 ÷ 55 Solubility in water insoluble (creates dispersions) Hydrophilic-lipophilic balance (HLB) approx. 8 Odour chracteristic
APPLICATION	EXOcare TE20 PILLS MB functions as an emulsifying base in O/W preparations. Product can also be applied as a thickening and stabilizing agent. It can be used with other non-ionic surfactants and in mixtures with anionic and cationic surfactants.
